"Thank you for a great summer, I've learned so much from your camp. I love going there it is so much fun. My teacher was awesome. I hope you have me back next year because I would love to come back"

Destiny -4th Grade Camper

Dear Donor,

As the social season ends in Sarasota, G.WIZ takes a deep breath as it readies itself for an even busier summer season for your children and grandchildren.

G.WIZ offers 10 weeks of summer camp with programming for pre-k through 12th grades, spanning subjects from Messy Science and Sassy Science "Just for Girls" to Rocket Camp and Scuba Diving. Certified teachers aided by high school student volunteers ensure the kids get a quality education while the volunteers are giving back to the community.

We believe EVERY child, whatever their financial situation, should be able to experience summer camp, but we can't do this without your support. Your tax-deductible donation can make a child's dream become a reality.

For \$200 you can Adopt a Camper for an entire week of interactive, hands-on learning at G.WIZ.

Thank you.

Cordially,
Molly D. Morgan
