YOU CAN HELP BY UNDERWRITING A PROGRAM!

SCHOOL PASS PARTNER PROGRAM

Yearly Underwriting: \$1500

The School Pass Partner Program allows a class unlimited school trip visits during the school year to take advantage of the educational opportunities that GWIZ has to offer. Hands-on learning experiences are an invaluable tool in STEM education and help inspire and prepare students for STEM careers.

ITSY BITSY SCIENTIST:

Yearly Underwriting: \$2,500

This is a special science program for preschoolers. This program allows 1-5 year olds and their adult helper to explore a new theme each week from nature, to space, to dinosaurs to help science come alive.

COMMUNITY OUTREACH

Yearly Underwriting : \$5000

GWIZ brings hands-on science experiences to our community through outreach programs in Sarasota, Manatee, DeSoto, and Charlotte counties. Community outreach programs allow GWIZ to bring the excitement of hands-on science to children and adults who may not have had the opportunity to visit the museum.

WINTER AND SPRING BREAK CAMPS:

Yearly Underwriting: \$7,500

This program gives students the opportunity to explore science during their winter and spring break times. With a new camp theme to choose from every day, students have the opportunity to explore a single science topic or combine several days for a truly unique experience.

FIELD TRIPS:

Yearly Underwriting: \$10,000

Informal science education is a pertinent part of educating the whole child in science, technology, engineering and mathematics. GWIZ provides children with the Aha moment to sparks their imagination in the world around them. GWIZ serves the entire Gulfcoast of Florida including Sarasota, Manatee, Charlotte and Desoto counties.

STUFFEE:

Underwriting: \$15,000

STUFFEE® is an exciting educational tool for teaching children about nutrition, digestion, respiration, fitness and other wellness topics. Stuffee is a seven-foot doll whose big green zipper opens to reveal fascinating soft-sculptured organs- colorful reproductions of the heart, intestines, lungs, stomach and digestive organs. STUFFEE®'s heartbeat and pulse may be checked by touching the bright red heart on his chest and wrist.

G.WIZ SUMMER CAMPS:

Yearly Underwriting: \$20,000

G.WIZ offers special one-week full day camps June, July, and August each summer. These camps are facilitated by GWIZ camp staff and each camp week and age group vary in size from 12 – 25 participants.” Scholarship availability varies each year.

LEGO MINDSTORM AND CURRICULUM:

Underwriting: \$30,000

The latest generation of LEGO Education robotics is here! This essential core set serves as the base for endless NXT robotic creations. This state-of-the-art programmable intelligent brick serves as the brain for LEGO Education robots. The brick features four input ports for taking in data, and three output ports for distributing the data as commanded. LEGO curriculum, provides 12 weeks of guided research and applied engineering robotics projects.
