

2009 SUMMER CAMP REGISTRATION
EXPLORING SCIENCE, ENGINEERING, AND TECHNOLOGY
 GRADES: PRE-K • K-1 • 2-3 • 4-8

Participant Name _____
 Parent/Guardian _____
 Address _____
 City _____ State _____ Zip _____
 Phone: Home _____ Work _____ Cell _____
 Email _____
 Emergency Contact _____
 Emergency Contact Phone # _____
 Date of Birth _____ Gender ____ T-Shirt Size ____ 08-09 School Yr ____
 Limitations/Allergies _____
 Name _____
 MC/VISA/AMEX/DISC _____
 Exp. Date _____ CVV # _____ Check # _____

*Standard Field Trip - \$20 per trip (Extra Parent/Sibling - \$20)
 **Busch Gardens field trip - \$40 (Extra Parent/Sibling - \$40)
 (Siblings must be accompanied by a parent on field trip)
 Post Care - \$25 per week

		Camp	Field Trip	Post Care
Healthy Bodies (Pre-K, K-1)	June 8-12	_____	_____	_____
Chemistry (K-1, 2-3)	June 15-19	_____	_____	_____
Native Florida (K-1, 4-8)	June 22-26	_____	_____	_____
Suit Up for Space (K-1)	June 29-July 3	_____	_____	_____
Super Kites (2-3)	June 29-July 3	_____	_____	_____
Vibs, Waves (Pre-K, K-1)	July 6-10	_____	_____	_____
Polar Connections (Pre-K, K-1)	July 13-17	_____	_____	_____
Ice Station (2-3)	July 13-17	_____	_____	_____
Coral Reef (Pre-K, K-1)	July 20-24	_____	_____	_____
CSI: G.WIZ (4-8)	July 20-24	_____	_____	_____
Engines, Energy (K-1)	July 27-31	_____	_____	_____
Robot Round-Up (4-8)	July 27-31	_____	_____	_____
Bugs (Pre-K, K-1)	Aug 3-7	_____	_____	_____
Myth Busters (4-8)	Aug 3-7	_____	_____	_____
Rocks (K-1, 2-3)	Aug 10-14	_____	_____	_____
Field Trip Total		_____	_____	_____
Extra Sibling / Parent Total		_____	_____	_____
TOTALS		_____	_____	_____
GRAND TOTAL		_____	_____	_____

Summer Camp registration deadline: 2 weeks prior to program
Grades refer to school grade completed prior to summer.
 Changes will not be accepted after the two week deadline. No refunds will be made after deadline. A confirmation will be sent to verify acceptance.
 941.309.4949, Ext 119 • Fax: 941.906.7292 • camps@gwiz.org

Camp Hours: 9:30 am - 3:30 pm (Camp hours may vary for off-site field trip days) • **Drop-Off:** 9:00-9:30 am • **Pick-Up:** 3:30-4:00 pm
Post Care (\$25 week): 4:00-5:00 pm
To register: Please call 941-309-4949, Ext. 119 or email camps@gwiz.org
 Camp registration deadline is two weeks prior to camp. Changes will not be accepted after the two week deadline. No refunds after deadline.

Pre-K Camps (4-5 Years Old)
Member \$195/week Non-Member \$225/week
 *Field trips are not part of the Pre-K program

June 8 - 12 • Healthy Bodies Rule
 Map out your body, make sense of your senses, and find out the good, the bad, and the ugly about snacks! Exercise the fun way with dance and rhythm.

July 6 - 10 • Vibrations, Waves, Perceptions and Illusions
 The “eyes and ears” have it! Follow the wave and explore sights and sounds as interpreted by our brains. Make instruments that create different sounds and join in orchestral fun!

July 13 - 17 • Polar Connections
 Are you an “extremeophile?” If you are, then join us as we explore the polar regions of the Arctic and the Antarctic. How does life survive in these conditions? Put your survival plan into action.

July 20 - 24 • Mysterious Dwellers of the Coral Reefs
 Do parrotfish have beaks? Are starfish really fish? Do sea cucumbers eviscerate, and what does that mean? Explore the fascinating world of the coral reefs.

Aug 3 - 7 • Yummy Bugs, Tricky Bugs
 Yummy bugs, tricky bugs, and bugs that look like something they’re not! Discover body structure, symmetry, life cycles, behavior, sounds, camouflage, and favorite snacks. Create your own bug!

K - 1st Grade Camps
Member \$195/week* Non-Member \$225/week*
 *Unless otherwise noted. Denotes off-site field trip.

June 8 - 12 • Healthy Bodies Rule
 Map out your body, make sense of your senses, and find out the good, the bad, and the ugly about snacks! Exercise your brain, exercise your muscles, balance your nutrition, and get on the “workout wagon” for a lean, mean, motion machine!

June 15 - 19 • Chemistry in Motion
 Messy, sticky, slimy! Solids, liquids, gases! Make it, grow it, pour it, shape it, freeze it, bake it! Explore the states of matter and make science really “matter.”

June 22 - 26 • Native Florida
***\$215/\$245 Off-site field trip June 26: Airboat / Myakka St Park**
 Harry Heron, Barry Bluegill, and Peter Panther are running out of places to play and live. Discover Florida wetland and forest ecosystems, explore the meaning of biodiversity, and learn what is happening to our Florida natives.

June 29 - July 3 • Suit Up for Space
 What do humans need to survive in space? Explore challenges faced by astronauts to create a livable world in outer space. What would it be like spending a week 250 miles above the earth.

July 6 - 10 • Vibrations, Waves, Perceptions, and Illusions
 The “eyes and ears” have it! Follow the wave and explore sights and sounds as interpreted by our brains. Create instruments with different sounds and join in orchestral fun!

July 13 - 17 • Polar Connections
 Are you an “extremeophile?” If you are, explore the polar regions of the Arctic and the Antarctic with us. How does life survive in these conditions? Put your survival plan into action.

July 20 - 24 • Mysterious Dwellers of the Coral Reefs
 Do parrotfish have beaks? Do sea cucumbers eviscerate, and what does that mean? How does camouflage keep reef dwellers alive? Explore the fascinating world of the coral reefs.

July 27 - 31 • Engines, Energy and Environment
 Can you imagine what life would be like if we ran out of energy? Explore energy sources, plan and build structures to capture different energies and learn how they benefit or detract from our environment.

Aug 3 - 7 • Yummy Bugs, Tricky Bugs
 Bugs form the largest group of living things on our planet. Explore the world of entomology and discover body structure, symmetry, life cycles, behavior, sounds, and camouflage. Invent a new bug!

Aug 10 - 14 • Earth, Space, & Rocks
***\$215/\$245 Off-site field trip August 14: MOSI**
 Join your fellow “Rock Hounds” and discover crystals, geodes, meteorites and more. How are fossils formed? What is a spelunker? How is pahoehoe formed?

SUMMER KICK-OFF PARTY

Saturday, May 30 • Noon - 3pm

2 - 3rd Grade Camps

Member \$195/week* Non-Member \$225/week*

*Unless otherwise noted. Denotes off-site field trip.

June 15 - 19 • Chemistry in Motion

Messy, sticky, slimy! Solids, liquids, gases! Make it, grow it, pour it, shape it, freeze it, bake it! Explore the states of matter and make science really "matter."

June 29 - July 3 • Super Kites to Space Flights

*\$215/\$245 Off-site field trip: 7/1 – Fantasy of Flight

Aero-Dynamics? What does it mean? Experiment with shape and size. Construct your rocket and prepare for space flight.

July 13 - 17 • Ice Station: Antarctica

Science teams wanted to explore uncharted cryospheric territory and to prepare "Ice Station: Antarctica!" Oceanographers, biologists, meteorologists, glaciologists, and geochemists still needed. Contact G.WIZ for your assignments.

Aug 10 - 14 • Earth, Space, & Rocks

*\$215/\$245 Off-site field trip August 14: MOSI

Join your fellow "Rock Hounds" and discover crystals, geodes, meteorites and more. How are fossils formed? What is a spelunker? How many different types of pyroclastics have been identified?

BACK TO SCHOOL BASH

Saturday, August 22 • Noon - 3pm

4 - 8th Grade Camps

Member \$215/week* Non-Member \$245/week*

*Unless otherwise noted. Denotes off-site field trip.

**Busch Gardens Field Trip \$40 extra

June 22 - 26 • Native Florida

*\$235/\$265 Off-site field trips:

June 24 - Adventure Kayaking

June 26 - Airboat/Myakka State Park

Discover wild Florida, explore the meaning of biodiversity, and learn how humans impact fresh water uses. Observe Florida Natives in their habitats while you boat and hike along Florida's waterways.

July 20 - 24 • CSI: G.WIZ

*\$215/\$245 Off-site field trip: July 22 - Sarasota County Police Station

Secure, interview, investigate, examine, and collect! Learn the latest techniques in fingerprinting and DNA analysis and you will be on your way to crime solving. Apply the science of forensics and process your evidence to crack the case!

July 27 - 31 • Robot Round-Up

*\$235/\$265 Off-site field trips:

July 29 - Sun Hydraulics

July 31 - Kennedy Space Center

Predictions, problem solving, programming! Unlock what real world science and engineering means. From disaster rescue to exploring the outer boundaries of the universe, robots are becoming more and more important in everyday life. Construct, program and predict new uses for robots.

Aug 3 - 7 • Myth Busters

**\$235/\$265 Off-site field trip: August 7 - Busch Gardens

Friction? Inertia? Gravity? Myth busters are everywhere! Dare you delve into the depths of science and discover what is real and what is not?
